Here are a few notes from our clients.

"I ordered a tile without having seen the tiles in person...I scanned and email in our son's handprint and what came in the mail was an amazing gift for my wife's birthday."

B. Sloan, Illinois

"My girlfriend from college had her first child and I was looking for a gift. I found your website on accident but decided to order a tile with the foot prints and you added the name and date. She loved the tile and she displays it in the nursery."

J. Maxwaha, Arizona

"Anyone looking, these guys do a great job. Beats the heck out of the plaster cast thing you get at the craft stores! Scored major brownie points with my wife. She loved the tiles of our kids hands". T. Millar, Ohio

"I wanted to drop a note to let you know that the "when in doubt add more wine" tile made a great gift for my mother-in-law. She's hard to shop for but she enjoyed the tile."

D. Sparks, Vermont

"Great product, great service!"

B. Shimton, Alabama

"I just recieved my handprint tile of my son's little paw...all I can say is WOW! It was hard to imagine what these look like but after actually holding the tile and feeling my son's handprint forever etched into the tile, it's just amazing. Thanks again and we wish you the best of business! BTW, we did try the handprint kit from the craft store in town. This is hands down the best way we've seen a handprint made (pardon the play on words :)"
